

SS120V: 120 Volt Powered Super Shaker™ Bed Vibrator

The SS120V is a bed vibrator that works with Sonic Alert remote receivers and signalers. This powerful vibrator is guaranteed to wake even the heaviest sleepers. When used with Sonic Alert signalers such as the doorbell, telephone or baby cry the SS120V will begin to vibrate as soon as it receives a signal. The SS120V has a built-in temperature sensor that protects the unit against overheating.

Directions for use:

- 1) Simply plug the SS12v vibrator into the output of the power supply.
- 2) Plug the 120 volt 2 prong plug into any Sonic Alert device.

These include the following:

SA101, SA201, DB100, DB200, TR75vr, TR50, USS360 or SB1000 alarm clock. When any of these devices are activated the shaker will be activated.

- Cord length is a total of 12'
- Five year warranty
